SAP PS Training Curriculum

"Delivering Knowledge to help you make your mark in the world"

About Croma Campus:

Croma Campus Training & Development Private Limited is an education platform since 2010 providing rigorous industry-relevant programs designed and delivered in collaboration with world-class faculty and industry.

- Hands-On Live Projects
- Simulation Test Papers
- Industry Cases Studies
- 61,640+ Satisfied Learners
- 140+ Training Courses
- 100% Certification Passing Rate
- Live Instructor Classroom / Online Training
- 100% Placement Assistance

Course Objectives:

- Understand Business from the procurement and Project Systems department.
- Map customer business processes in SAP
- Train users for using the SAP system.
- Integrate the PM module with other functional areas like PP, Materials management, QM, WM, APO, etc.
- Design/enhance operational and analytical reports for customers.

Course Description:

SAP Project Systems(PS) is a technical module that includes project management functionality. Organizations use project management tactics to execute different strategies. The PS module empowers an organization to gain insight into projects, increase transparency, and improve accountability.

SAP PS is an integrated project management tool used for planning and managing projects. It has several tools that enables the project management process such as cost and planning budget, scheduling, requisitioning of materials and services. SAP Project Systems helps to manage and support all the SAP projects in company. SAP PS is used in an organization for planning, scheduling, collecting and generating revenue and expenditure over a period of project period.

Croma Campus Training Program Deliverables:

- **Session Recordings** - Original Class Room Voice & Video Recording

- Information system controlling
- Progress Analysis
- Area controlling
- Integrated Case Study
- Certification

Course Content:

Module 1: Overview

- About ERP
- Overview of SAP
- Overview of SAP PS
- SAP Enterprise Structure
- SAP Landscape Overview
- Types of Projects with PS
  - Customer Projects
  - Overhead Cost Projects
  - Capital Projects
- PS supported Industry Business Processes
  - MTO with Project
  - ETO
  - ECO
  - EPC

Module 2: Structures and Master data

- Work Breakdown Structures
- Networks
- Activities
- Milestones
- Documents
- Status
- Versions
- PS Texts

Module 3: Planning Functions

- Dates Planning
  - Dates Planning with WBS element
  - Scheduling with Networks
- Resource Planning
  - Capacity Planning with Work Center
  - Workforce Planning
  - Capacity Levelling
  - External Processing
  - Service
- Material Planning
  - Assigning Material Components
  - Project Stock
  - Availability Check
- Cost Planning
  - Hierarchical Cost Planning
  - Unit Costing
  - Detailed Planning
  - Easy cost Planning
  - Network Costing
  - Planned costs of assigned Orders
- Revenue Planning
  - Hierarchical Planning
  - Detailed Planning
  - Billing Plan
  - Sales Planning
- Budget
  - Original Budget
  - Budget Updates
  - Budget Release
  - Budget Carry forward
  - Availability Control
- Project Simulations
- Project MRP

Module 4: Project Execution Process

- Actual Dates
  - Actual dates of WBS element
  - Actual dates of Activities
  - Actual dates of Milestones
- Confirmation
  - Individual Conformation
  - Collective and Summary Confirmation
- CATS Process
  - Time Sheet Entry
  - Time Sheet Approval
  - Time Data Transfer to Project
- External Processing of services
  - External Processing
  - Service
- Project Oriented Procurement Process & Delivery Process
  - Material Procurement Process
  - Delivery from Project
- Project Billing
  - Milestone Billing
  - Resource- Related Billing
- Project Progress
  - Progress Analysis
- Period- End Closing Activities
  - Processing type
  - Result Analysis
  - Settlement
- COPA
  - Profitable Segments
  - COPA Settlements
  - COPA Analysis

Module 5: PS Integration with Other Modules

- SD: Sales & Distribution
- FI: Finance
- CO: Controlling
- MM: Materials Management (Purchasing & Inventory)
- PP: Production Planning & Controlling
- QM: Quality Management
- DMS: Document Management System
- IM: Investment Management
- HR/HCM: Human Capital Management
- TM: Travel Management
- CATS: Cross Application Time Sheet

- CS: Customer Services
- PM: Plant Maintenance

Module 6: Placement Guide

- Tips to Clear an Interview
- Common Interview questions and answers
- SAP PS Interview Questions and Answers
- Resume Building Guide
- Attempt for the related Certification Exam, if any
- Start Applying for Jobs
